Hahaha it's all good! I'm here another 10 days. Just house/dog sitting today through Saturday still. Then here another week after that before I come home.

Nice! Let's try and grab lunch next week. What's in Colorado for you?

Peter, you know my family lives here.

You're welcome to join me next time. It would be nice for you to see them. It's been years. But you need to behave...

Gosh, it's not like me to do anything crazy or stupid.

Sure, Peter.

Bird is the word.

Have you been drinking?

Peter, did you rob a bunch of people on the beach with your metal detector?
Please say no...

Well, that's only half the story 😂

Oh, I wouldn't worry about it, Peter. I've put Stewie in the oven a bunch of times. If you come to your senses within 15 minutes, everything's fine.

Sorry, I missed all that. I was tweeting.

Max needs a new home

Max is a lovely golden retriever who needs a new temporary loving home. I have to travel in a week for a business trip which would last for two months. She is used to all kinds of homemade food. A house with a garden would be a great plus.

How Throttling Improves Deliverability

Mailchimp aims to deliver your campaigns as quickly as possible. However, postponing delivery can help us stop spam and ensure your email reaches inboxes.

**How to Create an Account**

Are you ready to create a Mailchimp account? This guide will walk you through the entire process, from sign up to activation.

**How the Form Builder Works**

Learn how to customize forms, welcome emails, and other response emails with our Form Builder.

**How Mailchimp Prevents and Handles Abuse**

Learn the steps we take to prevent abuse of our system, and how we handle abuse when it happens.

**How to Allowlist Delivery IP Addresses**

Learn how to enable company allowlisting to help ensure your Mailchimp campaigns get to all your subscribers.

**How Legitimate Marketers Can Prevent Spam Complaints**

Learn why audiences generate abuse complaints, and steps to take to prevent them.

**How Mailchimp Can Help Your Online Store**

Mailchimp's e-commerce tools help you grow your business and sell more stuff. Find new audiences, promote your products, boost customer loyalty, and track your sales.

**Apple Privacy Update FAQs**

In this article, you'll get answers to common questions about Apple's new privacy protection update.

**About Authorized Applications**

Learn about authorized applications and what it means to grant access to your account information.

**About Geolocation**

Mailchimp determines location and time zone for your subscribers by collecting data when they sign up for your marketing or interact with your email campaigns.
